```java
public class Untitled-1
{
    public static void main(string args[])
    {
        int a,b,c;
    input("enter value of a:"+a);
    input("enter value of b:"+b);
    c=a+b;
    System.out.println("THE SUM IS :"+c);
    }
}
```
